Thanks Kim. It is news to Cindy and I whom I spoke with this morning. I plan to send an email to Angela today regarding this and some other concerns we have. I'll forward the draft email to you, Cindy and Ginny for review prior to sending. I understand that you and Ginny are not working today so I may send the email anyway with Cindy's input.

Elaine

All:

I was speaking to Marilyn today regarding the TSCA comments on the Phase III. Marilyn told me that the existing sheet pile was not part of the final remedy for the site and would be removed. This was a surprise to me as I didn't get that explicitly from my reading of the Phase III.

I tried calling Angela and Gerard to see if they knew about this, but just got their VM.

We're going to discuss during the December 8 meeting, but just thought I'd let you know what she told me on this.
